Dear Friends of the Foundation:

In the seventeen months that made up 2019 and the first part of 2020, The Actuarial Foundation proudly celebrated its 25th Anniversary and quickly pivoted to continue serving our stakeholders as the pandemic took hold. During unprecedented times, the Foundation staff, leadership, Board, and those we serve showed unprecedented commitment to continue the Foundation’s mission of enhancing more lives with math education and financial literacy. From making our Math Motivators Tutoring Program available virtually, to hosting our first ever Virtual Modeling the Future Challenge Symposium, to finding ways to connect with our donors through virtual happy hours, our Foundation innovated and continued to thrive in the midst of a pandemic.

This Annual Report covers all of 2019 and the first five months of 2020 due to the change in the Foundation’s fiscal year. Throughout this report are events and program milestones that shaped these seventeen months. Some highlights include:

- The Math Motivators tutoring program expanded from five to 20 cities. The number of volunteer tutors increased from 200 to more than 550. We’ve gone from helping 310 students in 6 high schools to more than 900 students in 40 middle schools and high schools.

- The Actuarial Diversity Scholarship reached an impressive milestone, awarding over $1 million to almost 500 actuarial students, since its inception in 2009.

- Our middle school math competition, the Hardest Math Problem, was launched and over 6,000 students from all over the country submitted entries.

- Our Building Your Future financial literacy curriculum was updated and launched to over 60,000 high school teachers all over the country.

- The Foundation’s 25th Anniversary celebration culminated with a luncheon with guest speaker, Dr. Talithia Williams and the kick-off of our Educate.Connect.Change. campaign.

Our strength and lasting success depend on the unique perspective and innovative spirit that each of us brings to The Actuarial Foundation. I am grateful to our individual and corporate supporters, our volunteers, our staff, and Board of Trustees for all that you make possible.

Looking through the pages of this Annual Report should make you proud and give you profound hope for a bright future for The Actuarial Foundation.

Sincerely,

Clark Slipher, FSA, MAAA
Chairman

Thank You, Volunteers!
The Foundation sends its highest appreciation to each and every person who gave of their time to support our mission and programs. We couldn’t do it without you!

Mission: To enhance math education and financial literacy through the talents and resources of actuaries.
Vision: An educated public in pursuit of a secure financial future.

Supporting U.S. Actuarial Organizations
Since 2004, The Actuarial Foundation has received support from the U.S. actuarial organizations. Their trust and encouragement are key elements in the Foundation’s growth and continued success as the U.S. philanthropic organization for the actuarial profession.

American Academy of Actuaries
ASEA
CAS
CCA
Society of Actuaries

Expertise. Insight. Solutions.
WHAT YOU MADE POSSIBLE...

Celebrated the Foundation’s 25th Anniversary with a luncheon at the Society of Actuaries Annual Meeting.

Launched the revamped *Building Your Future* financial literacy resource to 60,000 high school teachers.

The second Modeling the Future Challenge Symposium was held in Chicago.

In its inaugural year, the Hardest Math Problem Student Contest garnered over 6,000 entries from students in grades 6-8 across the country!

Melonie Jackson was awarded the first Actuarial Promise Scholarship.

The Foundation connected with supporters through its Back-to-School Virtual Happy Hour Program.

In the midst of the pandemic, the Math Motivators tutoring program pivoted to providing free, virtual math tutoring to underserved students.

The *Educate.Connect.Change.* Campaign launched with a goal of $5 million to bring the Foundation’s math programs to more students and engage more actuaries.

Created the first-ever virtual Modeling the Future Challenge Symposium, which was a resounding success.
